About imago

- **KI – India Management team** has taken over KI – INDIA operations with the launch of brand 'IMAGO' – Transforming human spaces.
- With a vision to provide more tailored products to Indian and Global Markets brand IMAGO will continue from KI – INDIA legacy and will cater to markets of Education & Business with more innovative products from IMAGO Studio along with adding KI-India products to its offering.
- With our 8000 SQM state of art manufacturing unit in India we design and focus on delivering innovation to our key market sectors.
- We work with leading International designers from across the globe for a world class and futuristic design on Business and Education markets.
- Our way ahead is to make products adhering to Global furniture market and making a brand worth 5 BN INR in 5 years.
- IMAGO will be a looked upon as a global brand with exports and distribution worldwide with international standards and products in place.

Imago Means :

literal meaning :Transforming of a caterpillar to a fully winged butterfly....

Inspiration : the efforts a caterpillar takes to be a butterfly, a symbol of change, joy and colour
